CURRENT SERIAL RECORDS

U.S. DRY BEAN EXPORTS INCREASED

SHARPLY IN 1962-63

Commercial exports of dry beans in the 1962-63 marketing year amounted to 3.2 million pounds, an increase of 10.5 percent over the 1955-59 average. Total exports of nearly 4 million bags included 764,000 bags for foreign relief and donations.

The United Kingdom has been the largest importer during the last 3 years, replacing Cuba, formerly the largest U.S. dry bean importer. France is our second largest market, and in 1962-63 Venezuela took a record high of 290,000 bags. Exports to Japan were more than 5 times greater than the 1955-59 average, and Australia took 63,000 bags in 1962-63, compared with the 4,200-bag average.

More than half of the total U.S. dry bean exports in the 1961-62 and 1962-63 marketing years were pea beans, most of which went to the United Kingdom. "Other" white bean exports have shown a marked increase and in 1962-63 were imported mostly by the United Kingdom and Japan.

Relief shipments went to more than 50 countries in 1962-63, the largest amounts to Egypt, Algeria, Mexico, Brazil, India, and the Congo Republic.
